## HMT Research Grant for Young Leaders in Metabolomics 2018

---

Metabolomics is an emerging field of science and focuses on metabolites as a whole, which most directly reflect phenotypes of an organism among other omics sciences. “HMT Research Grant for Young Leaders in Metabolomics” aims at facilitating young scientists in a variety of exploratory research fields to take advantage of applying HMT’s cutting-edge metabolomics technology to their pioneering research, which thus contributes to the development of science and young leaders for the next generation.

1. Target research areas      Scientific projects in any research areas are acceptable; however, unique research themes that will potentially be pioneering in the field if combined with metabolomics are highly appreciated. Ongoing research projects with HMT are excluded from the selection.
  
2. Eligible applicants\*<sup>1</sup>
  1. **Best Award**  
Any researcher in universities, research institutes, and industries who has at least 2 more years in his or her post.
  2. **Incentive Award**  
Doctoral students only.

\*1. Past awardees of the grant are not eligible for application.
  
3. Awards to be offered
  1. **Best Award (up to one project)**  
Metabolome analysis\*<sup>2</sup> worth a maximum of 10 million JPY.
  2. **Incentive Award (up to one project)**  
Metabolome analysis\*<sup>2</sup> worth a maximum of 5 million JPY.

\*2. Consultation is also charged based on the “Metabolome Data Interpretation Support” package.
  
4. Selection Process      Primary selection will be conducted by HMT’s committee members consisting of academic experts based on the application forms submitted by applicants (documental screening). Those who passed the primary selection will be notified for final selection comprising a 15-min online interview with the committee members (expected to be in September).

5. Notice of Result The results will be announced on HMT's website by the end of October.
6. Disclosure of project information The following information will be announced on HMT's website upon the acceptance of the grants: award offered, project title, applicant's name, institution, and position.  
The extent of the disclosure is negotiable if requested by grant awardees.
7. Documents for application
- HMT Research Grant for Young Leaders in Metabolomics 2018 application form**  
The application form is available for download from HMT's website <http://urx.cloud/Je3K>.
  - Curriculum Vitae**  
Any format is acceptable. Please include your educational background, employment records (if any), fellowships, academic societies, and publications in the CV.
8. Application procedure and deadline
- Please fill out and send ONE COPY of the application form and the CV to the following mailing address. APPLICATIONS MUST BE SUBMITTED IN PAPER FORMAT.
  - After submitting the forms, please visit the following grant application website, and input necessary information (<http://urx.cloud/Je3r>)
- Applications are only accepted from May 1 to July 31, 2018. No application submitted before or after the period will be accepted for any reason.
9. Mailing Address
- Address:** Stern Chuo Bldg. 5F, 2-9-6 Shinkawa, Chuo, Tokyo 104-0033, Japan  
**Company Name:** Human Metabolome Technologies, Inc.  
**Attn:** HMT 2018 Research Grant Desk
10. Other Conditions
- Metabolome analysis results obtained through this grant shall belong to the grant awardees.
  - The grant should be acknowledged in case of publishing any results obtained through this grant in any academic journals or conferences.
  - Application forms are not returnable.
  - Grant awardees are required to participate in the award ceremony. Oversea awardees can attend it online. Domestic transportation and accommodation fee will be paid by HMT. (International flight cost will not be compensated.)
  - Each grant awardee must submit a study report (free format) regarding to the awarded project within one year from the day of receipt of the analysis report.
  - Each grant awardee must make a presentation regarding to the awarded project in next year's award ceremony. Oversea awardees can attend it online. Domestic transportation and

accommodation fee will be paid by HMT. (International flight cost will not be compensated.)
